

PROCLAMATION to be DISCUSSED by the CITIZENS at FANEUIL HALL NOON SATURDAY DECEMBER 16th

Boston Tea Party for 9/11 Truth

Did the 9/11 Commission cover-up government involvement in 9-11-01?

Citizens of the United States of America, sisters and brothers of the six New England States, and all honorable servants of our great Republic — the Day of Reckoning is upon us. The lies and deception of the tyrannical elite within our government, especially regarding the misleading 9/11 Commission investigation and cover-up of the devastating attacks of September 11, 2001, have infected our beloved democratic process and usurped our liberties for far too long. The Executive, Judiciary and US Congress are hereby advised that the citizenry of these United States holds an uncompromising DEMAND for:

An exhaustive reinvestigation of all public testimony, physical evidence and scientific analyses/reports as they relate to the physical destruction of life and property inflicted during the attacks on 9/11;

Whereas, the 9/11 Commission failed to investigate numerous Air Force war games conducted on September 11, 2001 that severely crippled our normally highly competent FAA/Air National Guard team's aircraft interception capability.

Whereas, the 9/11 Commission failed to investigate or even mention the collapse of the 47-story World Trade Center Tower 7. It is highly suspicious that WTC7 is the first steel framed high-rise in history to collapse from small fires alone.

Whereas, the 9/11 Commission lied in stating that the center of World Trade Center Towers 1 and 2 contained only air ducting and elevators. In reality the center of the towers each contained 47 massive, vertical steel support columns, which were the core supports for these towers.

Whereas, the 9/11 Commission failed to investigate the fact that the three tower collapses on 9-11-01 each exhibited eleven classic characteristics of well-engineered building demolitions.

Whereas, the 9/11 Commission failed to investigate and explain how the Pentagon, the most-guarded airspace on the planet, with its own missile defense system, was penetrated on 9-11-01.

Whereas, the 9/11 Commission failed to investigate members of the Administration who posted their radical military plan in September 2000. This plan stated that their goals would not be met unless a cataclysmic event occurred, "like a new Pearl Harbor", to get US citizens on-board with their ruthless agenda.

Whereas, the 9/11 Commission failed in its original mandate. Over 100 other questions, omissions, inconsistencies and implausible scenarios constitute gross malfeasance in its obligation to the 9/11 victims' families to conduct a thorough investigation.

We, the people of the United States of America, today, in Boston, on the sixteenth day of December in the year two thousand and six, do hereby REJECT the findings contained in the Report of the Kean-Hamilton Commission to Investigate Terrorist Attacks Upon the United States, and, therefore, DEMAND an IMMEDIATE, New and Independent investigation with subpoena powers, independent researchers and oversight by 9/11 families.

Hearken unto us and be not afraid, for the end of the era of lies and deceit is at hand.
